Introduction Form - FC01

Reported: January 12, 2200

Claimant Name (original):

JAMES ABLE

Claimant Name (phonetic, if required):

Describe yourself:

I am a former employee of the Office of External Affairs. I was dismissed for cause: specifically, "acting in a private capacity whilst on duty."
If this is true then the Office will have no difficulty accepting this application from me as an independent individual, who made contact with a new race to Earth's ultimate benefit.

Describe the nature of the First Contact:

During 2199 I had two trips to the primary moon of Turcanis Major V, in pursuit of a lone trader Sopha Luca. There were two competing claims from individuals who had dealings with him. However, he had no intention of establishing any relations with anyone. Neither claim has been paid.

Through my own efforts, and in the view of my former boss in an independent capacity, I secured a working relationship with both the scientific, religious, and political authorities on TMV-I.

I am informed by legal counsel that under the terms governing FC claims, I am the one and only person who can rightly be said to have made this introduction.

Declaration:

I believe myself to be the first person to introduce this new race to the Earth and claim all fees and rewards previously published in pursuance of this introduction.

I give my signature to this document in affirmation of all its contents:
